"A Canadian Treasure"

As I am based in Los Angeles, and am not familiar with editors in Toronto, I was extremely thankful that Kryisia was on our staff. Not only did she do an excellent job with her own episode, she was also brought on to "save" two other episodes, edited by greener editors.

Time after time, I have had the pleasure of seeing Kryzia raise the level of the material, engaging the editorial of the project with a producer's understanding and an artist's touch, and always amounting to an end product that surpasses expectation. "
